REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Proprietor of
O'Toole Insurance & Securities

We have audited the accompanying financial statements of O'Toole Insurance & Securities (a sole proprietorship), which comprise the statement of financial condition as of December 31, 2014, and the related statements of operations, changes in proprietor capital, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. O'Toole Insurance & Securities' management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of O'Toole Insurance & Securities as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Computation of Net Capital on page 10 has been subjected to audit procedures performed in conjunction with the audit of O'Toole Insurance & Securities' financial statements. The supplemental information is the responsibility of O'Toole Insurance & Securities' management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

O'Toole Insurance & Securities

Notes to Financial Statements

December 31, 2014

NOTE 1 – NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

O'Toole Insurance & Securities ("the Company"), an individual proprietorship, is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and a member of the Financial Industry Regulatory Authority ("FINRA").

Revenue Recognition

The Company receives commissions based on customer transactions and fees from the sale of investment products – primarily mutual funds.

Use of Estimates and Subsequent Events

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates. The Company has evaluated events and transactions that occurred through February 4, 2015, which is the date the financial statements were available for issuance, for possible disclosure and recognition in the financial statements.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash in banks, and short-term, highly liquid investments purchased with an original maturity of three months or less.

Marketable Securities

Marketable securities are reflected at the closing price on the day of valuation with the resulting unrealized gains or losses reflected in net profit for the year. At December 31, 2014, investment securities owned, valued at \$361,727 consisted mainly of uninsured mutual funds.

O'Toole Insurance & Securities

Notes to Financial Statements

December 31, 2014

NOTE 2 - FAIR VALUE MEASUREMENTS

Auditing standards codification 820, Fair Value Measurements, defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified in accordance with professional standards, are used to measure fair value.

Level 1 - Pricing inputs are unadjusted, quoted prices available in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 - Pricing inputs are quoted prices for similar investments, or inputs that are observable for the asset or liability either directly or indirectly for substantially the full term through corroboration with observable market data.

Level 3 - Pricing inputs are unobservable for the asset or liability and rely on management's own assumptions. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.

Management considers all investments in securities to be valued using Level 1 inputs.

NOTE 3 – NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital of \$100,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2014, the Company had net capital of \$496,361 which was \$396,361 in excess of its required net capital. The Company's aggregate indebtedness to net capital ratio was .0071 to 1.

O'Toole Insurance & Securities

Notes to Financial Statements

December 31, 2014

NOTE 4 – REGULATION

The Company is registered as a broker/dealer with the SEC. The securities industry in the United States is subject to extensive regulation under both federal and state laws. The SEC is the federal agency responsible for the administration of the federal securities laws. Much of the regulation of broker/dealers has been delegated to self-regulatory organizations, such as the FINRA, which had been designated by the SEC as the Company's primary regulator. These self-regulatory organizations adopt rules, subject to approval by the SEC, that govern the industry and conduct periodic examinations of the Company's operations. The primary purpose of these requirements is to enhance the protection of customer assets. These laws and regulatory requirements subject the Company to standards of solvency with respect to capital requirements, financial reporting requirements, record keeping and business practices.

NOTE 5 – CREDIT & OFF BALANCE SHEET RISK

The Company does not have uninsured bank balances that exceed FDIC insured limits and does not hold any financial instruments with off-balance-sheet risk.

NOTE 6 – CUSTOMER PROTECTION RULE

The Company had no items reportable as customers' fully paid securities: (1) not in the Company's possession or control as of the audit date (for which instructions to reduce to possession or control had been issued as of the audit date) but for which the required action was not taken by the Company within the time frames specified under Rule 15c3-3 or (2) for which instructions to reduce to possession or control has not been issued as of the audit date, excluding items arising from "temporary lags which result from normal business operations" as permitted under Rule 15c3-3.

The Company is exempt from SEC rule 15c3-3 pursuant to the exemptive provisions under sub-paragraph (k)(2)(i).

O'Toole Insurance & Securities

Statement of Exemption From SEC Rule 15c3-3 Report

O'Toole Insurance & Securities is a registered broker-dealer subject to Rule 17a-5 promulgated by the Securities and Exchange Commission (17 C.F.R. 240.17a-5 "Reports to be made by certain brokers and dealers"). This Exemption Report was prepared as required by 17 C.F.R. 240.17-5(d)(1)and(4). To the best of its knowledge and belief, the Company states the following:

The company claimed an exemption for 17 C.F.R. 240.15c3-3 under the provisions of 17 C.F.R. 240.15c3-3(k) (2) (i).

The company met the identified exemption provisions in 17 C.F.R. 240.15c3-3(k) throughout the most recent fiscal year ending December 31, 2014 without exception.

I, Henry O'Toole, affirm that, to my best knowledge and belief, this Exemption Report is true and correct.

Weisberg, Molé, Krantz & Goldfarb, LLP
Certified Public Accountants

Report of Independent Registered Public Accounting Firm

To the Proprietor of
O'Toole Insurance & Securities

We have reviewed management's statements, included in the accompanying Statement of Exemption From SEC Rule 15c3-3, in which (1) O'Toole Insurance & Securities identified the following provisions of 17 C.F.R. § 15c3-3(k) under which O'Toole Insurance & Securities claimed an exemption from 17 C.F.R. § 240.15c3-3 [(k)(2)(i)] (the "exemption provisions") and (2) O'Toole Insurance & Securities stated that O'Toole Insurance & Securities met the identified exemption provisions throughout the most recent fiscal year without exception. O'Toole Insurance & Securities' management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about O'Toole Insurance & Securities' compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the conditions set forth in paragraph(k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
